# REPORT

## OF THE

# BOARD OF VILLAGE TRUSTEES.

---

TO THE VILLAGE OF RUTLAND:

The Board of Trustees, whose term of services commenced in April, 1875, was organized by the election of J. W. Cramton, as President, and James Levins, as Clerk. R. N. Patch was elected Street Commissioner.

Your Trustees most respectfully present herewith the reports of other officers of the Village, and also a statement of all orders drawn by them the past year.

At a special meeting of the Village, held May 12th, 1875, the Trustees were instructed to issue Bonds of the Village for the sum of \$15,000, to provide for the Water Bonds, coming due. Your Trustees have issued bonds to that amount, to run three, six and nine years, at six per cent. interest, payable annually.

We find the amount of taxes for the year ending April, 1876, to be ..... \$15,423 40

Deduct abatements,.....	\$399 16
Cost of collection,.....	434 38
R. R. Taxes not paid,.....	497 56
Peirpont Estate taxes not paid, .....	47 26
	<hr/>
	1,378 36
	<hr/>
	\$14,045 04

Amount realized from licenses, rent of office and hall, .....	212 00
Received from C. B. Mann's estate, old taxes,...	77 93
Cash in hands of Treasurer at beginning of the year, .....	175 99

---

Total amount realized from taxes and other  
sources, ..... \$14,510 96

Orders have been drawn by the present Board of Trustees for account of Highway, .....	\$5,075 85
For account Gas, .....	1,112 85
For night watch and lamplighter, .....	827 10
For account Fire Department, .....	2,122 94
For account special night watch, .....	484 00
For account laying water pipe through R. R. yard, .....	683 53
For miscellaneous, as per bills, .....	1,404 99

---

\$11,701 26

Paid interest on orders, .....	878 12
Orders outstanding at last report, .....	9,121 67

---

\$21,701 05

Amount realized from taxes and other sources, 14,510 96

---

Amount of outstanding orders, ..... \$7,190 09

We estimate the expenses for the coming year, as follows:

Fire Department, .....	\$2,500 00
Gas for streets, .....	1,300 00
Current expenses, .....	1,500 00

---

\$5,300 00

Which would require a tax of about 35 cents on the dollar.

Your Trustees would report that they have on hand one Bailey Hydrant, value \$44.40, and 633 feet 3 inch iron pipe, value \$196.23. Total, \$240.63, which has been paid for, and is an asset of the Village. This pipe and hydrant

was purchased to put into depot park, but has not been used.

The Trustees have settled with Geo. Willis, collector, who has paid over all taxes collected for the past year to the Treasurer.

We would refer you to the reports of the Treasurer, Auditor, Chief Engineer and Water Commissioners, which are annexed.

Your attention has heretofore been frequently called to the gradual decrease from year to year of our supply of

water, but, as yet, no action has been taken in the matter. This should not be. It is a duty which cannot safely be neglected any longer. It is dangerous, and insurance companies are becoming aware of the fact, and have, as we learn, already commenced the canceling of policies.

We can increase our supply of water to almost any desirable quantity, by an outlay of from \$20,000. to \$25,000. which will soon pay for itself by extending our pipes into new districts where they are now destitute of good water. This amount may seem large, but it looks very small when compared with the amount \$643,321.64 expended by the city of Troy since 1855, or the amount \$245,806.45 expended by the city of Hudson, since the spring of 1874, and get Hudson River water at that.

I have again to reiterate my views regarding the better supply of water, and urge that immediate and effective measures be taken to remedy the existing evil.

There should be laid in certain localities, pipe of increased calibre, and there should be additional hydrants.

I present herewith a statement of the property in charge of each company, as well as its condition, in general terms, also a list of the officers and members of each company. The Department stands very much in need of a Hook and Ladder cart and equipment, some 600 feet of new hose, and more hosemen's coats are needed.

In view of the serious damage done to hose by being driven over while stretched in the street, I earnestly recommend the passage of an additional section to the Fire Department Ordinances, imposing an adequate penalty for driving any vehicle over any hose stretched or laid, or being stretched or laid at any alarm of fire in the Village of Rutland. And, to further promote the efficiency of the Department, I respectfully submit for your approval an additional section, which may read as follows:

"The apparatus of the Fire Department shall have the right of way in and upon the streets, lanes, alleys, squares and railroad crossings, in going to any fire, or being upon such streets, lanes, alleys and squares in pursuance of an alarm of fire.

"No person shall obstruct, or neglect or refuse to make way for any of such apparatus being thus in or upon said streets, lanes, alleys and squares, under a penalty of twenty-five dollars for every offence."

To the officers and members of the companies composing the Department, the most sincere and unqualified thanks are due from the citizens of Rutland. During the past year the ravages by fire have been unusually desolating, and the duties and dangers which our firemen have so promptly and cheerfully met have been peculiarly hazardous and arduous. Considering the disinterested character of the valuable services rendered, you would indeed prove remiss in duty did you not deeply appreciate and thank those who have so promptly and so intrepidly came to your relief in the hour of peril.

W. C. LANDON,

*Chief of Fire Department.*

Rutland, April 19, 1876.
